EMAIL ALERTS

Real Time Country Updates

These emails are sent as country specific medical and security updates happen.

Select the Alert Type
Select the appropriate checkbox to receive medical and/or travel security updates.

Select an alert delivery option
Select the option to receive all Updates or Special Advisories and Evacuation Notifications only.

Select your countries
If you would like to receive medical updates only for certain countries, then select the checkboxes beside the countries under MED column. If you would like to receive travel security updates only for certain countries, then select the checkboxes beside the countries under NON-MED column. You can also select all countries by checking 'Select All' checkbox. As you select the countries they will appear on the right of the screen. If you do not select any countries from the list, you will not receive any country updates.

Country Picker

Enter country name

You have selected the following countries:
Medical
Cambodia
India
Non-Medical
Afghanistan
Iraq
Signing Up for Security Email Alerts

Modifying your country selection
If you would like add/remove some countries, simply check/uncheck the checkboxes for those countries. After you modify your country selection, click *Save Changes* button.
